WETASKIWIN, ALBERTA, THURSDAY, OCTOBER 21, 1926

V. C. French, Publisher

COUNCIL WILL NOT REVOKE SALE OF WEILER PROPERTY

Demand Increasing for Wetaskiwin Property. Four By-laws Passed. Deputy Mayor Appointed. Water Main Ordered for New Well. Frontage Taxes Written Off.

The regular meeting of the city council was held on Tuesday evening with all members present except Ald. Paton.

Minutes of last regular and special meetings were read and adopted.

The secretary's report was presented and it was instructed to write for fuller particulars as to fire alarm siren and prices of a larger make than the city now has.

A letter from Loggie & Manley, asking that the land sold to the Wetaskiwin Produce Co. be surveyed and taken out of the city limits was referred to the finance committee and the city solicitor.

Haring, P. A. Broadbent and Miss E. M. Schmitz, were read three times and finally passed.

Ald. Brown was appointed deputy mayor for the last quarter of the year.

Several offers for city property were received and referred to the city property committee.

After voting \$250.00 relief to a needy family, the meeting adjourned.

STUDENTS VOTE ABOLITION OF FRESHIE 'RAZZ'

Edmonton, October 20.—Initiation in the form of hazing is being done at the University of Alberta, killed by a vote of the student body.

It was agreed that the building of a retaining wall for P. J. Hastings property should be done as soon as the weather permits.

A letter was read from Alex. Knox respecting the sale of the Weiler subdivision. After a lengthy discussion the following motion was passed:

That as the city property committee has sold the Weiler subdivision lands to Mr. Stuart Campbell, and the same has been duly ratified by the city council, that the council, therefore, cannot see its way to revoke the sale.

That the property committee will be pleased to receive an offer from Mr. Runtz for any of the aerages it has for sale, and if Mr. Runtz's offer for the Weiler subdivision had been received in time, it would have been found that his offer would not have exceeded price given by Mr. Campbell, considering the cost of surveying, and probable lowering of the amounts of acreage owing to new road and other allowances.

The following accounts were passed for payment: General \$312.15; Electric \$376.11; Water, \$110.06; Supplementary payroll, \$185.53.

The application of Mrs. C. Kolb for street light on Dickson avenue, was filed along with that of A. Janowski, for future action.

Special frontage taxes against city property in the tax roll, amounting to \$1081.32, were ordered to be written off.

A list of old water and light arrears were referred to the light and water committee.

The ordering of a six inch water main from the new water to the reservoir and the necessary work of laying and completing, was referred to the public utilities committee with power to act.

The matter of new water meters to replace those out of order was referred to the light and water committee.

Bylaw No. 54, authorizing the payment of \$45 to tax payor and each demand for their services for the year 1926, was read three times and finally passed.

Bylaws No. 546, 547 and 548, authorizing the sale of properties to Maria

DEDUCTIONS CUT FINAL PAYMENT OF WHEAT POOL

The final payment for the 1925 crop sold through the wheat pool by Alberta members amounts to only 25 cents per bushel on the basis of No. 1 Northern, in store at Vancouver, according to the statement issued today from pool officials in Calgary, and Edmonton.

The 5 cent payment authorized from the central selling agency of the pool in Winnipeg has been still further reduced as follows, made by the Alberta pool:

Elevator reserve fund, 2 cents per bushel.

Commercial reserve fund (approximately) 3 cents per bushel.

Net provincial administration costs (approximately) 5 cents per bushel.

This makes a total of \$1.425 per bushel for Alberta farmers who sold their 1925 crop through the pool. The Alberta pool in the 1925-26 season handled over 45,000,000 bushels of wheat with some 23,000,000 the previous year.

NO CHANGE HEALTH OR SOLDIER POLICY

Winnipeg, October 18.—No change is to be expected in the policy of the dominion government regarding the department of soldier's civil rehabilitation, according to Hon. James S. King, minister of health and P.S.C.R. who passed through Winnipeg on his way from Ottawa to Vancouver.

He added that the department of health would continue to cooperate with the provincial governments as heretofore to keep living standards high and would give special attention to prevention of disease.

The minister of health announced that the government was supporting a movement in the United States to prevent diphtheria through the inoculation of children.

ALBERTA CATTLE ARE CHAMPIONS AT MOOSE JAW

Moose Jaw, Oct. 16.—Judging was completed shortly after one o'clock on Thursday at the stock at the fourth annual Saskatchewan feed show. The grand champion carload of 2 year old steers was won by J. Hassard, of Irvine, Alberta, with a fine load of Hereford steers. The reserve championship was won by Mr. Jack Ivers, Valjean, Sask., with a carload of Aberdeen Angus calves. The champion group of five steers was won by J. McDougall, Maple Creek.

3,000 FAMILIES FOR WESTERN CANADA

London, October 18.—Indications are that there may be almost immediate action as a result of Lord Clarendon's recent visit to Canada, where he investigated conditions looking forward to the settlement overseas of British families. The overseas settlement committee contemplates, according to an announcement made by Lord Clarendon, the purchase from private owners and corporations in the Dominion of blocks of land in the western provinces for settlement purposes.

Some three thousand families would be provided for under the family scheme if the project is carried out. The proposition is being carefully looked into and a decision will be arrived at in the near future.

DANCE ON HALLOWEEN BY NIWIKSA-TEW GIRLS CLUB

The Niwiksa-tew Club will hold a dance in the Elks' hall on Friday evening, October 23rd, which will take the form of a Halloween novelty affair. Canadian orchestra has been engaged to supply the music, and Halloween novelties will be distributed. The girls promise a real evening's entertainment to all who attend.

The Women's Auxiliary of Immanuel church will hold a bazaar and supper on Saturday, December 4th.

MUCH GRAIN YET TO CUT IN NORTH ALBERTA

Edmonton, October 20.—Threshing throughout this portion of the province has been going ahead under full pressure during the last few days, the light fall of snow during last week not even halting operations in most districts. On low lying land a great deal of grain is still to be cut but in other localities the late oats and barley are all in stock. The ground is once more free from frost and fall plowing is progressing in places where the fields are clear.

IMMUNIZATION OF DIPHTHERIA

To those who have not studied the matter, the question arises: "Has the value of Toxoid treatment been demonstrated?"

Since 1922 certain of the cities in the state of New York have been actively encouraging Diphtheria immunization. They are now reporting marked reduction in the prevalence of the disease and in some cases are showing a complete elimination of fatal cases.

In the city of Auburn, whose population is 37,000, the death rate from diphtheria reached 45.3 per 100,000 in the year 1920. As a result of an intensive antipathogenic campaign the spring of 1924 saw 55 per cent of the school children and a large percentage of the preschool children immunized against diphtheria. Over 2 years have now elapsed and there have been no further deaths in Auburn from that disease.

During the first six months of this year, 73 rural communities in Alberta undertook the work of protecting their children against diphtheria. A total of 2,548 were treated, but in most instances these communities had suffered from occasional epidemics of diphtheria.

It is a great mistake to postpone action because the disease has not made a recent appearance, for in such places the degree of resistance is lower than in communities where the disease is common. Putting it in another way, we may say there are more susceptible children, and probably a greater degree of susceptibility in the children of Alberta in these days of rapid transit by automobile and train and the constant intercourse between communities it is a simple matter for a mild case or a diphtheria carrier to start an epidemic in the midst of an unsuspecting and unprotected population.

In some of the districts, only the children of school age were treated; that in itself is valuable, but it falls short of the desired objective. To eradicate diphtheria we must immunize all the children. The preschool child may not be so exposed to the disease as the school child, but the younger the child the more serious is the outlook of its taking diphtheria and children from three months to six years are of an ideal age for receiving the immunizing treatment.

There is very little disturbance in the mind of the parent when his child is immunized, but the disturbance is exceedingly rare of children under the school age. Therefore, in making your arrangements, do not neglect the preschool child.

In most of the Alberta communities who have taken up this treatment, the original organization or the first steps in organizing have been undertaken by one or other of the local organizations. We have, in these, already formed for use health committees. The most procedure followed here is: To determine the approximate number of children who will be receiving this treatment. The unit usually dealt with is the school district. With these as a basis, an approximate cost of the campaign can be determined and the method of obtaining the necessary funds can be chosen.

The cost has varied considerably in the different communities, depending largely, as it does, upon the distance from the nearest medical man.

In the city of Edmonton, doctors of the local Academy of Medicine gave their services free and the department of public health, as in all cases, supplied the Toxoid free. In another section of the province several neighboring school districts combined and engaged a doctor, who handled his charges upon the basis of a fee required to visit each school; that cost was divided equally amongst the different schools and a charge of five for the complete treatment of each child was made. In other districts the cost was made by doctors, but in most districts the school board has undertaken the financing of the campaign. Transportation to some of the more distant families has presented difficulties and great assistance could be rendered by a local fraternal organization who make it upon themselves to provide any necessary transportation for such children.

As mentioned previously the provincial department of health will provide the Toxoid and whenever possible and desired will lend assistance for the first treatment.

THANKSGIVING AND ARMISTICE DAY ON NOV. 8

Ottawa, October 18.—Thanksgiving and Armistice Day will be observed on Monday, November 8. The recent statute fixes this joint celebration on the Monday of the week in which November 11 occurs.

But a special observance has been requested for the actual day of Armistice Day, sanctioned by his majesty the king, the people of Canada are invited to mark the occasion by two minutes of silence at 11 o'clock, Thursday morning, November 11.

This is a special observance suggested by his majesty and is in addition to the regular holiday recognized by the parliament of Canada for the Monday previous.

AMPLE SUPPLY OF WATER IN NEW WELL

It would appear, as though Wetaskiwin now has an ample supply of water to meet her requirements for some time to come. On Friday last, as the employees at the new well were preparing a lunch, a heavy flow of water was struck and since that time the big steam pumps have had difficulty in keeping the water down so that the work of completing the brick curbing could be continued.

This flow was encountered at a depth of 125 feet. The first thirty feet of the well has a diameter of fourteen feet, well the other 35 feet are ten feet in diameter. The council has arranged to run a pipe line from the new well to the power house, and this work will be rushed as speedily as possible.

MAKE LAMB CROP PROFITABLE ONE

The value of a lamb crop depends upon the number of lambs raised and the price realized for them. The first essential, therefore, is a large number of strong healthy lambs. At the experimental station at Rossford, where sheep have been kept since 1918, varying results have been obtained in different years, the method of feeding being the factor chiefly responsible for success or failure.

Sheep are usually put in late summer, and in those years when the ewes were continued on such poor feed (all after breeding, there were few twins and a larger number of the ewes did not breed; whereas in those years when the ewes were put on good feed well bred, most of the lambs were strong and there was a larger percentage of twins. During the first few years of experiment with sheep at Rossford many of the lambs had gone and died, but any year that a little extra grain was fed to the ewes the next year there was a gain in the resulting lamb crop. When no recurrent feed was given the ewes, actually after lambing, the milk flow soon dropped and the lambs failed to develop and in some cases starved. The best results were obtained by feeding the ewes a little extra feed in the fall and winter, and this was the only time that the ewes were fed the ewes.

Summarized, the station recommends the following practices in securing a successful lamb crop: Wean the lambs in September and feed the ewes so that they are gaining at the time of the breeding season. Administer a little potassium iodide to the pregnant ewes. Use a reliable brand of iodized salt or a home-made salt with 3 to 4 ounces potassium iodide per hundred pounds of salt. Dissolve the iodine in a little water and sprinkle it over the dry salt. Peel turnips or ensilage or both to the ewes both before and after lambing. Kill them get on the grass. If facilities are favorable for taking care of the lambs, have the lambs dropped in March or early April.

PRESENTED WITH A SILVER TEA SET

A very pleasant affair took place at the office of Odell & Russell on Friday last when Mr. and Mrs. L. H. Chaffee were presented by the Wetaskiwin Kiwanis club with a silver tea set. Mr. Chaffee, who has been court reporter for a number of years, was taken completely by surprise, but made a suitable reply.

M.O.E. MEETING TO ORGANIZE A GIRL GUIDES ASSOCIATION

A public meeting under the auspices of the Imperial Order, Daughters of the Empire, will be held in the parish hall, on Monday, October 25th, at 8:30 p.m., to discuss the organizing of a company of Girl Guides. All parents interested are asked to cooperate in the undertaking and to attend this public meeting.

TEACHERS ARE TO HOLD CONVENTION

The teachers of the Wetaskiwin Incorporated will hold their annual convention at the Alexandra school, Wetaskiwin, on November 4 and 5. An interesting program has been arranged with G. P. McNally, supervisor of schools, Edmonton, and Mr. Hillon, of the technical school, Edmonton, as the principal speakers. In the evening of November 4 a banquet will be held in the Elks' hall, Wetaskiwin, which will be followed by a dance.

M.D. OF BIGSTONE COUNCIL MEETING

A meeting of the council of the Municipal District of Bigstone, No. 450, was held at Lone Ridge hall on October 19th, with all the members in attendance.

The minutes of former meeting were adopted as read on a motion of Coun. Burleigh.

A poundkeeper reported that he had a cow and calf in his pound, which was owned by Mr. Lindstrom, who had been destroyed and carcass sold if possible.

A letter was read from the Indian agent at Hobbema respecting damage to hay meadows of P. Putts, at Pigeon Lake Reserve. It was moved by Coun. Burleigh that the matter be tabled.

It was moved by Coun. Burleigh that the secretary treasurer be instructed to obtain title in the name of the Municipality to the Bonnie Glen cemetery, located on the N.W. 20-47-27-4.

A letter was read from the department of Municipal Affairs in answer to an enquiry as to the authority of the Municipality to fence in dangerous dog holes.

A letter was read in answer to a communication sent by the secretary to the department of agriculture in connection with destruction of weeds on government land.

The council considered an appeal by A. Cieslinski against wild land taxes on N.W. 24-28-24th. It was moved by Coun. Burleigh that the wild lands tax be cancelled.

Ratifiers in division 2 petitioned to have a bylaw passed establishing a herd law in said division.

Bylaw No. 27, a bylaw for the purpose of establishing a herd law in division 2, was moved by Coun. Burleigh and read once. It was moved by Coun. Hanson that six be the number of ratifiers allowed in accordance with the Domestic Animals Act (Municipalities Act), to petition for a vote in connection with Bylaw No. 27.

A letter from Bert Hollins in connection with the N.E. 20-46-27-4th, was read, advising that this was not a matter for the Municipality to take up.

A letter was read from the provincial government respecting unpaid tax sale lands. The secretary was instructed to send a list of said lands.

An application was received from J. Volonkin to purchase the N.W. 22-46-28-4th. It was moved by Coun. Burleigh that this land be sold for \$550.00.

After paycheques and bills had been passed for payment, the meeting adjourned.

NEW FREEZING PROCESS NEXT YEAR IN ALBERTA

The first plant for the freezing of fish, poultry and eggs under the new and remarkable Otteson process in Canada, outside of British Columbia, is to be in operation in Edmonton by June 1, 1927, with a daily capacity of 15 tons a day, states P. Johnson, managing director of the Johnson Fisheries, Limited, who recently returned to the city from Vancouver, where the negotiations for the rights were carried out with officials of the Danish-Canadian freezing company.

POPPY DAY CAMPAIGN ON ARMISTICE DAY

Over 100,000 poppies are to be displayed for the National Poppy Day Campaign in Alberta this year.

The objects of the campaign are four fold:

Primarily it is to honor our fallen soldiers and show that we as citizens do not forget them. This is paid on this day in all nations of the Allies.

Secondly, the greater display of poppies means increased employment to our disabled soldiers in Alberta, who make up those poppies. All poppies sold in Alberta by the Canadian Legion have been made in Alberta.

Thirdly, whatever organization acts for the Legion, can raise a fund which can only be used for local relief or charitable purposes.

Fourthly, a small profit is made by the Legion which helps in a small measure to reduce the Legion's expense in handling the hundreds of adjustment cases of deserving disabled, widows or dependents.

GET MARRIED, RULE 9 OF NINE HEALTH AXIOMS

Nine rules for living long and healthy, the ninth of which is "Above all, get married," were published by Commissioner Herman S. Hunsden in the weekly bulletin of the Chicago health department.

"In this enlightened age it is no less than foolish to feel old at 50 and perhaps die at 60 when by applying the rules of living one may live long and enjoy a life free from pain and ailments," said Dr. Hunsden, offering the following rules:

1. Be in the open air as much as possible, breathing deeply.
2. Get into the direct sunshine at every opportunity. If you can't get direct sunshine, take ultra-violet treatments or take cod liver oil.
3. Eat moderately, taking much of a food and plenty of fresh vegetables and fruits and milk.
4. Keep the bowels regular by eating and drinking containing roughage.
5. Take a daily bath to stimulate the kidneys, and once in a while take a sweat bath, unless you have a weak heart.
6. Go to bed early and regularly. Sleep in a quiet room with the windows open.
7. Do not worry about things that have happened or about what may happen. They usually don't.
8. See your doctor every six months for complete examination. He will watch especially for lung pockets and the teeth, for heart trouble and kidney trouble. Follow his advice strictly. If your glands are getting weakened he may give you gland extracts of healthy animals. However, do not try to take them without his guidance, a harm may be done.
9. Above all, get married. Statistics show that married men live the longest, and they also get the most out of life.

SUBSTANTIAL PROGRESS MADE WITH THRESHING

Threshing in Prairie Provinces will Soon be Completed According to C.P.R. Agricultural Department. Heavy Snowfall Causes Delay in Peace River District. Adverse Weather in B.C.

(Special to The Times)
Winnipeg, October 15.—Substantial progress was made with threshing operations in all three prairie provinces during the past week, according to the crop report issued by the agricultural department of the Canadian Pacific Railway. On the 15th, rain prevented any further work being done.

CHINOOK TURNS PEACE COUNTRY TO SEA OF MUD

Peace River, October 23.—The weather man has given Peace River a variety of weather during the past week. A west wind changed to one straight out of the north in the space of a couple of hours. This was followed by about eight inches of snow that put a crimp in the final touches to threshing, which is about 55 per cent complete on the north side of the Peace. Chinook winds and heavy rain have taken a heavy toll of the new snow. Sleighing is out of the question and a sea of mud has taken its place. A couple of days' continuance of the present weather will enable the threshers to complete operations.

NEW FREEZING PROCESS NEXT YEAR IN ALBERTA

The first plant for the freezing of fish, poultry and eggs under the new and remarkable Otteson process in Canada, outside of British Columbia, is to be in operation in Edmonton by June 1, 1927, with a daily capacity of 15 tons a day, states P. Johnson, managing director of the Johnson Fisheries, Limited, who recently returned to the city from Vancouver, where the negotiations for the rights were carried out with officials of the Danish-Canadian freezing company.

POPPY DAY CAMPAIGN ON ARMISTICE DAY

Over 100,000 poppies are to be displayed for the National Poppy Day Campaign in Alberta this year.

The objects of the campaign are four fold:

Primarily it is to honor our fallen soldiers and show that we as citizens do not forget them. This is paid on this day in all nations of the Allies.

Secondly, the greater display of poppies means increased employment to our disabled soldiers in Alberta, who make up those poppies. All poppies sold in Alberta by the Canadian Legion have been made in Alberta.

Thirdly, whatever organization acts for the Legion, can raise a fund which can only be used for local relief or charitable purposes.

Fourthly, a small profit is made by the Legion which helps in a small measure to reduce the Legion's expense in handling the hundreds of adjustment cases of deserving disabled, widows or dependents.

C.P.R. PLANS BRANCH LINE TO SERVE GEM DISTRICT IN ALBERTA

Winnipeg, October 19.—In order to shorten the road haul for Alberta settlers in two flourishing districts in the irrigation block, the Canadian Pacific railway company proposes to take in hand next year the construction of branch lines to serve the Gem colony northeast of Bassano and the Bow slope colony southwest of Brooks. It was announced here today. Application is being made to parliament to charter for the line to serve the Gem colony. It will be built off the Rosemary northern branch, construction of which has already been approved by parliament. The branch line to serve the Bow slope district will leave the main line at or near Gem. It is expected that this new construction will promote the settlement of other irrigated lands in the district.

ANGELIC CHURCH LADIES TO PUT ON PLAY AT ANGUS

The play, "Light House Nan" is to be put on at the Angus Theatre on Tuesday, November 16th, under the auspices of the Ladies' Aid Society of the First United Church, and the Women's Auxiliary of Immanuel church. The characters in the play will be taken by local talent except it is stated that the play will be well worth seeing. Watch this paper for further announcements.

longest, and they also get the most out of life.

for the balance of the week, and again on the 16th and 17th rain and snow over the whole of Manitoba and the greater portion of Saskatchewan caused another extended delay. Threshing is generally this morning throughout Alberta and over a considerable portion of central Saskatchewan.

In Manitoba many districts have been able to complete threshing between storms, and taking the province as a whole 60 to 65 per cent of the wheat, and 60 per cent of the coarse grains are threshed. Many exceptionally good yields are reported and the average is well up to expectation. The general condition of the crop so far threshed is proving better than anticipated, and actual damage is small. The financial loss involved as the result of inferior grading is offset by the heavier yields and the good prices prevailing. Fall plowing is from 15 to 20 per cent completed.

Threshing was resumed today on the Assiniboia and Prael sub-divisions of Saskatchewan, and is fairly general over the Moose Jaw sub-division, and in the eastern section of the Saskatchewan sub-division. Approximately 15 per cent of the wheat and 25 per cent of the coarse grains remain unthreshed. The outlook is better than anticipated. Threshermen report the grain threshing easier and cleaner than anticipated, and that it has not been badly damaged by wet weather. Labor is scarce in certain sections. From 15 to 20 per cent of the fall plowing is completed.

Rain covered the entire province of Alberta on Friday last, many districts receiving a light fall of snow in addition. Threshing, however, is general throughout the province this morning. The percentage of grain already threshed varies, being as low as 15 to 20 per cent for wheat and other grains, in some parts of the province. The general average, for the province, however, shows that 60 to 65 per cent of the wheat and 55 to 60 per cent of the coarse grains have been threshed. The general opinion is that while there will undoubtedly be depreciation through discoloration, the loss from sprouting will be comparatively small. Stock is looking exceptionally well and will move into winter quarters in better condition than usual. Fall plowing is from 5 to 10 per cent completed.

Threshing throughout the E.D. & B. C. district suffered an extended delay as the result of a heavy snowfall in British Columbia last. Four days of rain and heavy snow, followed by a heavy fall of snow, have made it impossible to resume. Most of the grain from this territory is grading No. 2 and 3 with a considerable percentage of No. 1 yields are exceptionally large.

Adverse weather interfered with the threshing in British Columbia. Fall yields of apples are practically a non-event, and the winter varieties are now moving. Prairie market is slow owing to weather conditions, with the result that the picking houses are filled to capacity.

SWINE DYING BY HUNDREDS

Chicago, October 15.—Hog cholera, is decimating the extensive herds in Illinois, Iowa and Nebraska, and up-setting the provision and corn markets of Chicago, and serum is not obtainable in quantities sufficient to fight the epidemic, according to reports here today.

The swine are dying by the hundreds as the disease spreads. The carcasses are being burned as rapidly as possible, but the herds of the disease are increasing.

In Illinois, where Dr. F. A. Laird, the state veterinary, termed the epidemic the "most devastating the state has ever known." Its spread was attributed to the flood waters carrying fairs and fairs, birds flying from farm to farm and even germ carrying mosquitoes.

SUCCESSFUL CARD PARTY

A very successful card party was held in the Parish Hall on Wednesday evening of last week, under the auspices of the Women's Auxiliary of Immanuel church. Bridge and "500" were played by a large crowd, and the church funds will be augmented by some \$60.00 as a result. The bridge prizes were won by Mrs. P. A. Miquel, and Mrs. R. D. H. Williams, while the "500" honors were carried off by Mrs. Harry Cook and Mrs. J. A. Fleming. The ladies of the auxiliary wish to extend their appreciation to all who assisted in making the affair such a success.

Sleeplessness
Smothering Spells
Shortness of Breath

When the heart becomes affected there comes a feeling of a choking sensation, a shortness of breath, palpitation, throbbing, irregular beating, smothering sensation, dizziness, you can't sleep, and have a weak, shaking, alligone feeling of oppression and anxiety.

On the first sign of the heart becoming weakened, the system is strong, you will find that

MILBURN'S HEART AND NERVE PILLS

will regulate and stimulate the heart and strengthen and restore the whole nervous system.

Miss Bertha A. Baker, West Jeddah, N.S., writes:—"Three years ago I was troubled with smothering spells, shortness of breath and sleeplessness.

A friend of mine who had used Milburn's Heart and Nerve Pills advised me to try them, which I did, and after using the first box I felt better, and since then I have taken three boxes.

I can highly recommend them to all who suffer as I did."

Price five, a box at all druggists and dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

CLAIMS THAT LETTER WAS
WRITTEN BY OUR SAVIOUR

Rockport, N.B., October 20.—Below
is a letter, said to have been written
by our Saviour and found at the foot
of the Cross.

According to the history of the letter
it was written by Christ just after
His crucifixion, signed by the Angel
Gabriel 50 years after the Saviour's
birth and presumably deposited by
"Him" under a stone at the foot of
the cross. On the stone appeared the
legend "Blessed is the one who shall
turn me over." No one knew what
the inscription meant, or seemed to
have sufficient curiosity to investi-
gate until the stone was turned over
by a little child and the letter which
follows was discovered.

"Whosoever works on the Sabbath
Day shall be cursed. I command you
to go to church and keep holy the
Lord's Day without any manner of
work. You shall not take or mislead
your time in bedecking yourself in
superfluities of costly apparel and
vain dressing for I have ordered it
a day of rest, I will have that day
kept holy that your sins may be for-
given you. You will not break my
commandments, but observe them,
and keep them. They have been
written by my hand, and spoken by
my mouth, you shall not only go to
church yourself, but also your ser-
vant and maid servant. Observe my
words and learn my commandments.
You shall finish your work every sixth
day at six o'clock in the afternoon.
At which hour the preparation for the
Sabbath begins. I advise you to fast
five days in the year beginning on
Good Friday and continuing the five
days following in remembrance of the
five blood wounds I received for you,
mankind.

You shall love one another and
cause them that are not baptized to
come to Christ and receive the Holy
Sacrament, that is to say baptism,
and then the supper of the Lord, and
be made a member thereof, and in
so doing I will give you a long life,
and many blessings. Your land shall
be replenished and bring forth abun-
dantly and I will comfort you in the
greatest temptation and surely those
that doeth the contrary shall be cur-
sed. I will also send hardness of the
heart on them and especially on hard-
ened and impenitent unbelievers. He
that has given to the poor, shall find
it profitable. Remember to keep the
Sabbath day, for the seventh day I
have taken for a resting day, and to
myself and he that hath a copy of
this letter written by my own hand
and spoken by my own mouth and
beareth it without publishing it to
others, shall not prosper, but he that
publisheth it to others shall be blessed
by me and if their sins be as many
as the stars by night, and if they
truly believe not, this writing and
my commandments will have my
plagues upon you and you will be
consumed, with your children, goods
and cattle, and all other worldly en-
joyment that I have given you.

Do but once think of what I have
given you; if you do it will be well
for you in this world and the world
which is to come. Whosoever shall
have a copy of this letter and keep
it in their house, nothing shall hurt
them, neither pestilence, thunder or
lightning and if any woman be in
birth and put her trust in me she
shall be delivered of her child (Anan)
You shall hear more news of me
in the Holy Scriptures, until the
day of judgment. All goodness
and prosperity shall be in the house
where a copy of this letter shall be
found.—End.

The story goes that the little child
who found it passed it to one who be-
came a convert to the Christian Faith.
He failed to have it published but
kept it as a sacred memento of Christ,
and it passed down to different gen-
erations of his family for more than
one thousand years. During this per-
iod, the family suffered repeated mis-
fortunes, migrated to different coun-

tries until finally one of them came
to America, bringing the letter with
them. They settled in Virginia, then
moved further south still followed
by misfortune when finally, the
last member, a daughter, approached
her death bed, she called a neighbor,
Mrs. Thompson, giving her the letter,
related its history that had been kept
for more than one thousand years.
Mr. Thompson began the attempt and
published the letter. It first appear-
ed in print in Rome, Georgia, October
31, 1891. It then appeared in Dalton,
Ga., and Mrs. Wortman, then living in
Marion, Indiana, clipped it and kept it
in her possession for many years with-
out having it published. She was fol-
lowed by misfortune which she at-
tributed to her neglect in trying to
have it published. Mrs. Cruchfield
was also followed by misfortune. Mrs.
Lidia Howell clipped it in Canada,
and after having it in her possession
for three years succeeded in having it
published. It then came into the
possession of the present writer, who
has had it for over six years, with the
same result. As far as the present
writer knows it has appeared in
print three times—Mrs. Frank L.
Ward, Rockport, West Co. N.B.

HON. ROBERT FORKE
ON IMMIGRATION

Hon. Robert Forke, minister of im-
migration and federal member-elect
for Brandon, Manitoba, was a guest
of honor there at a banquet following
his return from Ottawa.

Mr. Forke said that while he would
do his utmost for western Canada to
secure immigrants, at the same time
he would have in mind the interests
of the whole Dominion. He referred
particularly to the maritime provinces,
which, he said, could absorb many im-
migrants.

Mr. Forke stated that he was most
optimistic in regard to the immigration,
and he had no doubt that a great
influx of immigrants could be ex-
pected as a result of "a more ag-
gressive immigration policy." He stat-
ed, however, that he had no revolu-
tionary immigration policy to an-
nounce.

Mr. Forke continued by stating that
there were plenty of unemployed in
Great Britain, but they did not come
from the farms. He had no doubt,
however, that a large number of peo-
ple could be induced to come to Can-
ada, and he would endeavor to bring
them in, in at least much larger num-
bers than had been the case in the
last few years. He had been inform-
ed, he said, that there were large
numbers of young sons of poor men
who were desirous of coming to
Canada. That opened a wide field
which would have careful investigation.
He did not think it was wis-

SPENT FOR MERCHANDISE

In its 1924 survey of operating ex-
penses in retail grocery stores, the
Harvard Bureau of Business Research
analyzed the reports of 545 stores,
with combined net sales of \$88,000,
000. The typical grocery reporting
had total net sales amounting to \$73,
000 and realized a net profit of 1.8%
of net sales.

Of these 545 stores, a separate an-
alysis was made of 215 stores whose
operations were more profitable than
the average. It appears that 4.6% of
net sales represents an attainable
standard based on the actual ex-
perience of 215 retail grocery stores in
1924.

Meanwhile the customer who
spends \$100.00 in a store would prob-
ably be surprised to learn that on an
average less than five dollars is re-
tained as net profit—Alberta Retailer.

to make a declaration of policy, but
it was unquestioned that Canada was
capable of accumulating and really
requiring double the population of the
present time. There was no doubt
but the maritime provinces could ab-
sorb many immigrants and he could
assure them that while he would do
his utmost for western Canada, he
would have in mind all the time all
the interests of the whole Dominion.

Mr. Forke said that while he felt
that the Dominion would have suc-
cess with immigration, Canada must
see to it that the immigrants would
have a fair chance to make good in
the country. He believed that Can-
ada was the happiest country in the
world at the present time.

Mr. Forke said he thought there
was a possibility of getting a great
number of people from the United
States. He promised to do his best
to handle the immigration question
in a manner that would be in the
best interests of Canada as a whole.

He himself, he said, had come to
Canada as an immigrant, and the
kindness with which the people of
Canada had treated him was the best
advertisement the Dominion could
have. Something had been said of
selective immigration. It had been
suggested that he was going to let
down the bars. He was, however, not
quite prepared to go that length, but
he did believe that Canada could ab-
sorb many people from Great Britain,
other than for the farms, who would
doubtless make good citizens.

Mr. Forke concluded by stating that
possibly he would come up against
the "bureaucratic" mind which resented
innovations. He had not come up
against it yet, and hoped that he
would not do so, but if he did, he
would carry out what he thought to
be the right policy whatever the con-
sequences would be.

SUNDAY SCHOOL INSTITUTE
WEDNESDAY, OCTOBER 20th

An institute for all interested in re-
ligious education, will be held in the
First United Church, Wetaskiwin, on
Wednesday, October 20th.

The afternoon session will open at
2:30 and the evening session at 7:45.
Supper will be provided for the out-
of-town delegates.

Miss Semmens of Toronto, a spec-
ialist in children's work, Miss Heth-
erington, a specialist in girls' work,
and Mr. Hibbert, in boys' and young
people's work, will address the meet-
ings as well as some local workers.
A cordial invitation is extended to
all to attend any or all sessions.

Miss Hetherington will meet the
O.G.T. group in the First United
church Sunday school room at 7 p.m.
and Mr. Hibbert will meet the Girls
and Trail Ranges groups in the United
church club rooms at 7 o'clock.

Advertise in the paper that circulates
all over the district thoroughly.

WEALTH OF WEST

The estimated average wealth of
Canadiana per capita is \$2,525. The
people of the western provinces are
credited with \$225.

At the end of April last year, the
Alberta provincial government had an
deposit in savings certificates, \$6,
\$90,123.00. At the same time this
year the total reached \$9,771,653.

Former Edmontonian
Secures Building For
Canadian Students

Paris, October 16.—The Canadian
House in the "Cite Universitaire de
Paris" will soon open its doors to
the studious youth of Canada. The
inauguration will take place Saturday
October 30, under the presidency of
H.R.H. the Prince of Wales, and the
president of the French republic, be-
fore a distinguished body of people.

The University City of Paris is the
result of a very generous idea. At
the end of the war, a great French man-
ufacturer, M. Daussch de la Mearthe,
realizing the difficulties in which the
young generation of students found
themselves after the enormous sacri-
fices which France had made, decided
to aid them in a very practical man-
ner. It occurred to Senator Honore-
at, minister of public instruction, of
the French government, at the same
time, that it would be a great idea
to rebuild around the University of Paris
the colleges of the nations which had
in times past enjoyed such a prestige.
In accord with Mr. Daussch de la
Mearthe, who put at his disposition
ten million francs, he decided to
found "La Cite Universitaire de Paris"
for which he invited the various for-

eign countries to build houses where
their students would receive, along
with very advantageous conditions of
living, a first class university educa-
tion.

The minister thereupon obtained
from the city of Paris, seventy acres
of land then taken up by the old for-
tifications in front of Montsouris Park
not far from the Sorbonne and the
school quarter, and on them gave free
sites to the foreign countries request-
ing them for their buildings.

The Canadian High Commissioner
in France, Dr. Phillippe Roy, formerly
of Edmonton, who had thought of the
same thing at the close of the war,
hastened to take an option on the site
adjointing the French buildings and
immediately made an appeal to his
fellow subjects for the means to
carry through such a commendable
project. Canada, as a result will be
the first foreign country to open a
house in the "Cite Universitaire de
Paris."

SHE COULD HARDLY
SPEAK OR BREATHE
Cold Was So Bad

She, writes—"I would like to tell
you that I think Dr. Wood's Norway
Pine Syrup is one of the very best
remedies for a cold."

I had such a very bad cold I could
hardly speak or breathe, so I went to
our druggist's and asked him what he
thought best for a cold. He advised
me to take

Dr. Wood's
Norway
Pine
Syrup

and I must say I felt grateful to him
for, besides being very pleasant to
take it relieved my cold quicker than
anything else I ever tried. I don't
think any one should be without a
bottle of it in the house."

"Dr. Wood's" is put up in a yellow
wrapper; three pine trees the trade
mark price 50c, a bottle, large family
size 60c; put up only by The T.
Milburn Co., Limited, Toronto, Ont.

Gives You Strength
for Busy Days

Ever feel tired and hungry, hours before
the dinner bell? Often this is just fatigue, brought
on by a poorly balanced breakfast. To keep fit
for active work you must have well-balanced
food that supplies energy and "stands by" you.

That is why Quaker Oats is so widely urged by
health authorities. It contains more protein
than any other cereal—in rich in carbohydrates,
and with milk, supplies the essential vitamins.

Eat Quaker Oats and milk every morning. It
will give you strength for busy days.

Quick Quaker packages marked "Chinaware"
each contain a piece of delicate imported china-
ware in blue and gold. The curious marked
"Aluminumware" contain useful articles of
aluminum for the kitchen.

AUTOMOBILE LICENSES IN ALBERTA NUMBERED 63,000

With more than 63,000 automobile licenses issued in Alberta this year, and applications still trickling in at the rate of a dozen a day, the 1925 mark has already been exceeded by not less than 10,000 and indications are that 1926 will break all records.

Officials in the auto license branch estimate that at least 70,000 licenses will be issued in 1927, with every possibility of this number being exceeded. They believe that the wetaskiwin branch of the license bureau is doing a big business, and that in 1925 there were 53,999 licenses issued.

TOWN TOPICS

James Carruthers of Lethbridge, visited his mother here for a few days during the past week.

Mr. and Mrs. Radford, of Arapahoe, Ont., are visiting their daughter, Mrs. J. R. Marshall.

A number of Wetaskiwin residents went to Edmonton Tuesday evening to hear the noted singer, Madame Galli Carci.

Mr. and Mrs. Chapple of Edmonton, were guests of Mr. and Mrs. G. A. Ferguson, east of the city, several days of last week.

Miss Violet Kelly of Edmonton, is spending a couple of weeks visiting Miss Gladys Compton and other friends in the city.

Miss Mildred Higgins, formerly with the Combs Studio, Niles, Michigan, has accepted a position with the Walin Studio.

The friends of L. D. Wright are glad to learn that he is convalescing from an illness of several days with the flu.

Mrs. John Arnold, who has been a patient in the Wetaskiwin hospital for three weeks, expects to return to her home this week.

Mr. and Mrs. W. H. Smith, of Charlottetown, P.E.I., who have been visiting their daughter, Mrs. Bruce Hewitt, left the first of the week for Vancouver and other places at the coast.

Mrs. A. T. Kinnaird, of Edmonton, was in Banff this week, at the home of her brother, Hugh W. Swanson, attending the funeral of her brother's son Gerald.

W. Prest, manager of the Wetaskiwin branch of the Bank of Montreal, who is taking his vacation, was a visitor at Calgary and Drumheller during the week.

Mrs. E. B. Switzer was called to Banff on Thursday last owing to the death of the only son of Mr. and Mrs. Reginald Swanson. The young man was aged about fourteen years.

Among those who went to Red Deer on Thursday evening last to attend a meeting of the O.R.S. were Mr. and Mrs. George Wiseman, Mrs. Paton, Mrs. Chiddy and Mrs. French.

Any donations to the Wetaskiwin Hospital Aid Bazaar from the Millie district, for the plain sewing, fancy work or doll booths, will be gratefully received by Mrs. J. H. Parker.

Donations for the plain sewing, fancy work and doll booths at the Hospital Aid Bazaar, will be gladly received by Mrs. James, Mrs. Parker or Mrs. Fraser, conveners for these booths.

Oliver Roulstone, who has been renewing acquaintances and looking after business matters in the district for the past three weeks, left today for Vancouver, where he will visit his brother, Archie. Oliver expects to spend the winter in California.

ANNOUNCEMENTS

***"The Barrier." Rex Beach's great novel of the Yukon, is the feature at the Angus, Friday and Saturday.

***Look, Farmers! It costs you three hundred bushels of wheat every year to be without an implement shed, Imperial Lumber Co. Phone 12.

***Do not forget the sale of Grade Dairy Cows at Moore & Kellner's farm, just west of the city, on Monday, November 1st. See advt. in this paper.

***The Catholic Women's League will hold their grand bazaar and chicken dinner in the Elks' Hall on Thursday, December 9th, the date having been changed from that announced previously.

***There is time yet to get those storm cash and put them on. You should get those storm doors hung this week and foot Jack Frost. He caught you napping last year. Imperial Lumber Co. Phone 12.

***Reginald Denny in "Where Was I?" a racy amusing comedy brimful of action, will be seen at the Angus Monday and Tuesday.

The Newkirk Club will hold a Halloween dance in the Elks' Hall on Friday, October 29th. Conductor's orchestra will supply the music.

***The Mission Friends Ladies' Aid will hold a sale of fancy work and three wool comforters, at the U.P.A. hall on October 29th, at 8 p.m. sharp. Coffee and lunch will be served after the sale.

A mass meeting will be held in the First United church on Friday evening next, at 8 p.m., to be addressed by Mr. Cameron, of Regina, field secretary of the Social Service Council for Saskatchewan.

***Five thousand feet of good No. 2 plank for stable floors. A snap. Imperial Lumber Co. Phone 12.

***Gay old Theodore Roberts returns to the screen in "The Cat's Pyjamas." Do not miss it, Wednesday and Thursday, at the Angus Theatre.

***The Catholic Women's League will give a card party in aid of their bazaar on Wednesday evening, October 27th, commencing at eight o'clock. Both five hundred and bridge will be played. Please come and bring your friends.

W. C. T. U.

"Temperance versus Pantheism," a pamphlet published with the above title by Moderation, contains the following:

"The so-called prohibition laws of the U.S. and Canada are not within the field or scope of the legitimate activities of any sane or responsible parliament."

Moderation questions the sanity of our legislators.

Moderation will no doubt question the sanity of the following:

"When the Church of England synod met in Halifax in 1915 and passed a temperance measure they added the following clause:

"And Further—that guided by the experience of all the countries enacting special legislation at this time in this connection, and also by our experience, the Dominion and provincial governments be urged to continue the same permanently, and as soon as possible to bring about the entire abolition of the traffic in alcoholic liquor as a beverage."

When in 1909 the Roman Catholic church in Canada addressed a pastoral letter to the clergy and laity throughout the Dominion, this pastoral letter was signed by 32 archbishops, bishops, and administrators. Part of the letter dealt with the temperance question, as follows:

"Among the social evils which have already wrought untold harm in our country, we wish to single out especially that of Intemperance—Alcohol is a poison whose awful potency it is to attack at the same time both mind and body, of which it paralyzes every energy and dries up every life spring. The gross insatiable and abnormal appetite which it develops in the senses is one of the most degrading and the most hopeless passions known to man. It has above all been realized that the evil should be attacked at its source, namely, that the traffic in intoxicating liquors should be suppressed, or where that is not possible, at least restricted, and more severely controlled, and that legislation should be enacted in the point, tending to restrict vice and render easier the task of good citizens in averting danger and putting a stop to disorder."

All the churches are on record in condemnation of the beverage use of alcoholic drinks, and have made declarations against the liquor traffic.

"Temperance versus Pantheism" asserts still further: "The evil effects of the drastic and intemperate laws now sought to impose upon the public are everywhere manifest."

"Yes, truly dreadful, is the United States, school colleges, universities, and professional schools has so increased under prohibition that practically all such institutions are over-crowded. It has been estimated that there are 250,000 fewer industrial residents."

Richard Roedel, labor economist, estimates the savings of working men due to prohibition at \$1,000,000,000 per year.

James W. Gerard, former American ambassador to Germany, speaking at the Canadian Club, in Montreal, on January 8th, this year, said "Labor unions in the U.S. are today proprietors of banks and public buildings. Prohibition has helped many to become savers."

"The president of the Black and White Taxi Cab Co. which operates 900 cabs in New York City, recently told the American Magazine how prohibition has made travel in New York both safe and secure. 'Under prohibition we have paid in damages for personal injuries about one-third of what we paid for the same cause before prohibition.'"

So much for the evils of prohibition in the United States.

A free tea will be given at the home of Mrs. T. Boyd Gilmore, on Saturday, October 29th. All donations for the Post Office at the Hospital Aid bazaar will be thankfully received.

***Marcelling, 50c, at the Ideal Beauty Shoppe, Wetaskiwin, one door east of City Bakery. Phone 99 for appointment.

***Leah's Limited, of Calgary, will be at Wetaskiwin for one day only, next Monday, October 25th, with the finest display of ready-to-wear ever brought to this city. Terms are cash or credit. Mrs. Telford's Millinery store, one door east of the City Bakery, Wetaskiwin.

Lord Willingdon Honored by McGill

Lord Willingdon, Canada's new Governor-General, was honored by McGill University in Montreal recently, when the honorary degree of LL.D. was conferred upon His Excellency at the McGill University Convocation. His Lordship paid his first official visit to Montreal when he arrived for the ceremony on October 6th. He was met at the Windsor Street Station by E. W. Beatty, President of the Canadian Pacific Railway and Chancellor of McGill University, and Sir Arthur Currie, Vice-Chancellor of the University.

Crowds lined the short route of the procession along the University campus and the street bordering the University grounds. The vivid colors of the full academic gowns were seen, his Lordship, tall and impressive, in scarlet and white robes and black velvet cap of the LL.D. The honorary degree was conferred by the Chancellor, Lord Willingdon's great services to India and to the Empire were cited by Sir Arthur Currie when he rose to present His Excellency for the degree of Doctor of Laws. When the degree was bestowed the entire assemblage stood while His Lordship signed the book of honor. In a brief speech he said: "I rise for one moment only as a representative of this University, and by that office, as I understand it, the representative of our beloved Sovereign King George, to express to you, as Chancellor of this university, my sincere appreciation of this high honor that you have done me today in giving me the honorary degree of LL.D."

The University was, continued the Governor-General, taking him much on trust, as they knew very little about him beyond history. "I can only say here and now that I sincerely hope that the future years may show that I am worthy of the trust you have given me this afternoon."

The photograph shows from left to right, Lord Willingdon, E. W. Beatty, Chancellor of the University, Monsignor A. V. J. Pettit, Rector of the University of Montreal, and Sir Arthur Currie, Vice-Chancellor, in full academic gowns.

The weather is now more favorable for threshing, and the hum of the machines may be heard in every direction. It is estimated that threshing is more than half done, and with good weather will be completed next week.

Mrs. J. C. Shillabeer received for the first time in Wetaskiwin on 7:15 day last, when a very large number called. Mrs. H. J. Montgomery assisted the hostess in receiving and Mrs. A. T. Dickson poured tea and Mrs. A. L. Elliott cut the loaves.

Mrs. W. Carruthers, who spent a couple of months with her son, Capt. Carruthers, of the Salvation Army, at Wrangell, Alaska, returned home on Saturday. She enjoyed the trip very much and reports that the weather is better in the north than it is in central Alberta. She was accompanied by Capt. Carruthers, who will spend a few days here with relatives before returning home.

Here and There

The recently organized egg and poultry pool in Saskatchewan has 17,000 members. Egg production in that province is \$3,672,303 dozen yearly. Saskatchewan was the second largest poultry producing province in Canada, Ontario being first.

St. Catharines—The North American celery championship has been awarded to James Little of this city by the American Vegetable Growers' Association, convening in Cleveland. The high quality of Canadian celery has long been recognized and this new triumph is expected to further stimulate production.

The Australian Cricket Team, heroes of five test matches against England this summer, arrived in Canada on the Canadian Pacific liner Montrose, October 8th. After visiting some of the principal cities in Canada and the United States, the team proceeded to Vancouver where they sailed on M.S. Aorangi for their homes in Australia, October 21st.

For the third year in succession the McAdam First Aid Team from New Brunswick carried off the "Grand Challenge Trophy," emblematic of the eastern lines first aid championship of the Canadian Pacific Railway. The competition was held recently at the Place Viger Hotel in Montreal, four other teams from points east of Fort William competing.

The oldest employee of the Canadian Pacific Railway in point of service, Isaac Gouverneur Ogden, vice-president in charge of finance, celebrated his 82nd birthday October 10th. He has served the Company for 44 years and his business experience goes back to the Civil War days. Mr. Ogden was the recipient of felicitations from all parts of the Dominion.

General Booth, head of the Salvation Army, sailed recently from Vancouver on the Canadian Pacific liner Empress of Canada for Japan, Korea and Korea. True to his maxim of not touching food for two days previous to a sea voyage, the General contented himself with sipping a little hot water while attending to his correspondence and waiting for the liner to sail.

Toronto—The New York Times is about to invest \$25,000,000 in northern Ontario for the production of all of its newsprint about 550 tons a day. The announcement of this project was made by the secretary of the president, Adolf Ochs, during the course of his visit to this city. The site selected for the paper plant is at Kapuskasing where there is already a small sulphite mill in operation. The water power, 75,000 h.p., will be generated from Smoky Falls.

Thirty students from Oxford and Wye Agricultural College, Kent, England, returned home on the Canadian Pacific liner Montclare recently after having assisted in the harvesting of the Saskatchewan crop. These young men were brought out to the Dominion by the Department of Colonization and Development of the Canadian Pacific Railway, and placed on selected Saskatchewan farms by the Women's British Immigration League. The students are resuming their studies in England this fall.

G. Walter Booth, Prosecuting Attorney for the State of Ohio, in an interview in the tourist department of the Canadian Pacific Railway at Montreal recently stated that American hunters were choosing Canadian hunting grounds in place of the U.S.-Canada State circle. Booth, who is taking one hundred per cent interest in Canadian game, said that he is at present in Canada on his annual duck hunt near Winnipeg, and also a big game trip in north-western Quebec.

Watch the careless smoker and do not let him impose on you.

Provincial Weekly News Bulletin

Homestead Areas Filled On
Nearly 200,000 acres of homestead land have been taken up by new settlers in the Dominion lands area covered by the Edmonton agency in the nine months since the beginning of the year. The total filings were 1,240, including soldiers' grants, as compared with 741 filings for the same period in the previous year.

A completed gravelled highway from Edmonton to the international boundary by the end of 1927 is a possibility, according to the program of the provincial highway department. The completion of the gravelled highway from Edmonton to Calgary will be carried out next summer, and the completion of the road south from Calgary to the boundary, some of which has already been gravelled, will be made next year too, if possible.

Summer Fish Catch Good
The summer fish catch on Lesser Slave Lake, was good according to T. R. Rodd, Dominion Fisheries Inspector at Edmonton, who states that more than 650,000 pounds of white fish were taken out of the lake, with 468,711 pounds of pickerel, 310,162 pounds of pike, and smaller quantities of other fish.

School Fairs in Alberta
More school fairs will be held in Alberta next year, it was announced at a conference of government officials, 12 directors and agricultural school principals, which was held in the parliament buildings on Thursday. The plan is to be developed and enlarged considerably, and it is expected that 100 events will be on the list for 1927, an increase of 15 over the present number. Great success has marked the school fairs this year, it was reported, notwithstanding the fact that bad weather kept down the attendance somewhat.

Alberta's Tourist Traffic
Alberta's three national parks, Jasper, Banff and Waterton Lakes, received nearly \$24,000,000 from the tourist traffic in 1925, states J. M. Wardle, chief engineer, Canadian national parks, in an address to the Canadian Good Roads association convention at Edmonton recently. In 1925.

"The Tunny-Dempsey fight picture will be shown at the Angus on November 8th, 9th and 10th.

"The Hospital Aid Society will hold their annual bazaar and chicken supper on Thursday, November 18th.

"Don't miss the big Baseball Dance in the U.P.A. Hall, October 30, by the Gwynne Baseball Club. Good Music. Regular prices.

The W.M.S. will hold a Halloween Tea in the Sunday school rooms of the United Church, on Saturday, October 30th, from four to six o'clock.

A NEW INDUSTRY

Edmonton will soon have another industry added to its lists. It is expected that the Universal Shoe Company will commence making shoes some time during October. The initial output will be approximately 300 pairs daily, and it is reported that when operations are properly under way a tannery and a harness making plant will be added.

Teach yourself and children the danger of fire.

Keep the gasoline you have to use in a self closing metal can, and use it out of doors only.

35 an acre and has paid for itself almost twice over in that time.

More British Boys Coming
So successful has been the plan of training British boys in the agricultural schools of the province, instigated by Hon. George Healey, that more of them are coming this year. It is expected that between 65 and 75 of these boys will be distributed among the three agricultural schools at Oils, Chesham and Raymond this year. Twelve of the boys are now on the way, and the balance will follow shortly. The responsibility for the placing of these boys on farms following their five months' training will be taken over by the Dominion government next spring, this having been done hitherto by the provincial government.

The First Theatre in North America

Arched entrance to Old Fort. Inset—Cairn on site of first French Fort commemorating the birthplace of Canadian Drama.

To commemorate the first theatrical performance on the North American continent, a simple stone cairn and tablet has been placed on the site of the first French Fort at Annapolis Royal, Nova Scotia, the birthplace of Canadian literature and drama.

Here the first American play was written and acted 320 years ago. Although it was unlike the kind of dramatic performances seen today from comfortable orchestra stalls, it was from all historical accounts, a "pretty good show." It was called "Neptune's Theatre" and was staged on the waters of Annapolis Basin, the actors performing on a movable and precarious stage of canoes, and the actors themselves, men of opposite extremes in social and intellectual condition, some gentlemen of France, and others aboriginals of Nova Scotia.

The author of this unique production was Marc Lescarbot, a French lawyer and poet, who came with Poirincourt to Port Royal in 1604. During his first winter here he was in charge of the Fort during the absence of Poirincourt on an exploration expedition. If Lescarbot must be credited with the distinction

of being the author and producer of the first North American play, he is also responsible for inaugurating a short hours day for his men, and the first experimental farm in the country. Moreover he was one of the most prominent members of the "Order of Good Cheer," an epicurean organization established by Champlain for the purpose of setting a record in the variety and excellence of food, which members washed down with a plentiful supply of rare old wines. Lescarbot was as a particularly proficient in "throwing" a good party.

To add a still further "touch of gaiety," as Lescarbot put it, to the return of Poirincourt from his voyage of discovery, Lescarbot composed an original masque called "Neptune Theatre," which was enacted in the presence of Poirincourt aboard ship. After it was over the merry company went ashore and entered the "habitation" and home of the "Order" and the banquet began. Later Lescarbot and Champlain wrote the "Histoire de Nouvelle France," and the home of the Order fell into the hands of the British.

It is the most peaceful spot in the world now. A beautiful bronze tablet, bearing the arms of France and Navarre at the top and the inscription:

BEAU GESTE

(Continued from Page 3)

ing flames consuming the mast and
sail so that the charred wreckage
went by the board, and we stood si-
lent, envisaging the horrors of a
burning ship at sea.As the vessel burned down to the
water's edge, and then disappeared
with hissings and smoking, Michael
broke the ensuing silence with words
that I was to remember many years
later in a very different place. (Ap-
parently Digby remembered them too)
"That's what I call a funeral!" said
Michael. "Compare that with being
stuck ten feet down in the mud and
clay of a beastly cemetery for worms
to eat and maggots to wiggle about
in you. Crisples! I'd give something
to have one like that when my turn
comes. Good idea! I'll write it down
in my will, and none of you dirty lit-
tle dogs will get anything from me
unless you see it properly done."
"Righto, Beau!" said Digby. "I'll
give you one, old chap, whenever you
like.""So will I, you, Dig, if you die first,"
replied Michael to his twin, and they
solemnly shook hands upon it.My gratification for these honors
was the greater in that nothing had
been further from my thoughts than
such promotion and reward. Fre-
quently had I driven in the next to
win one of the band's recognized Or-
ders of Merit—Patriotic Honor, Good
Fidei, Stout Fella, or even Order of
Michael (for valor)—but had never
hitherto won any decoration or recog-
nition beyond some such cryptic re-
mark from the Captain as "We shall
have to make John, Chaplain to the
Band, if he does many more of these
Good Deeds."That evening, when we were var-
iously employed in the school room,
old Hurdon, the bather, came and told
us that we could go into the drawing
room.Claudia and Isobel were there, the
former talking in a very self-pos-
sessed and grown up way to a fully lo-
cated foreign person, to whom we were
presented. He turned out to be a
French cavalry officer, and we were
thrilled to discover that he was on
leave from Morocco where he had
been fighting."Hags I met him up to the school
room tomorrow," whispered Michael
as we gathered together round a
class-table, like a checker-board, in-
verted over a white velvet cushion on
which lay the "Blue Water" sapphire.
We looked at it in silence, and to
me, it seemed to grow bigger and big-
ger until I thought I could plunge
head first into it.Young as I was, I distinctly had
the feeling that it would not be a good
thing to stare too long at that won-
derful concentration of living color.
It seemed alive and, though luxuri-
ously beautiful, a little sinister."May so handle it, Aunt Patricia?"
asked Claudia, and, as usual, she got
her way.Aunt Patricia lifted off the cover
and handed the jewel to the French-
man, who quickly gave it to Claudia.
"That has caused me know not
what of strife and sorrow and blood-
shed," he said. "What a tale it
could tell!""Can you tell tales of strife and
bloodshed, please?" asked Michael,
and as Claudia said, "Why, of course,
he leads charges of Arab cavalry like
Under 'Two Phases' as though she
had known him for years, we all
got him to tell us about his fighting,
and he ranked second only to the
"Blue Water" as a centre of attrac-
tion.On the following afternoon, the
Captain deputed Claudia to get the
Frenchman to tell us some tales. -
"Hevy you handsome stranger in
our hair," quoth he. "I would write
his secrets from him."Nothing both, Claudia revealed her
fascinations upon him after lunch
and brought him to our camp in the
flower, a clearing in the woods near
the house.Here he sat on a log and absolutely
thrilled us to the marrow of our
bones by tales most graphically and
realistically told of the Spanish, the
French Foreign Legion, the Chasseurs
d'Afrique, Zouaves, Turcos, and other
romantically named regiments.He told us of desert warfare, of
Arab cruelties and chivalries, of hand-
to-hand combats wherein swordman
met swordman on horseback as in
days of old, of brave deeds, of veiled
Touaregs, veiled women, secret Moor-
ish cities, oases, mirages, sandstorms
and the wonders of Africa.Then he showed us fencing tricks,
and feats of swordsmanship, until

5 Boils on Neck, 3 on Arm At Same Time

Mr. E. G. Collins, London, Ont.,
writes:—"I am writing a few lines
in praise of Burdock Blood
Purifiers which relieved me of boils that I was
very badly troubled with."I had five on my neck and three
on my arm at the same time, and
could not get any sleep I was in such
misery. I saw youadvertised and thought I would try
it, and I am pleased to say that after
taking one bottle I got clear of all of
them. It also made me feel better and
stronger."Burdock is put up only by The T.
Millburn Co., Limited, Toronto, Ont.

Co-operation Keynote Of Alberta Motor League and Good Roads Association

Automobile owners of Alberta are
now provided with effective and prac-
ticable means of furthering their own
interests, obtaining protection in the
way of legislation, advancing the
cause of better roads and building up
a mutual service organization which
will offer the same facilities that any
commercial enterprise is able to pro-
vide at greatly reduced cost.This new organization is known as
the Alberta Motor League and Good
Roads Association. Its keynote is
co-operation. The benefits and privi-
leges will extend to every part of the
province. Its members will be affil-
iated with the united motor leagues
of all the provinces of Canada and
with the various automobile associa-
tions of the United States.The Alberta Motor League was for-
mally launched into active organiza-
tion at a meeting held in Edmon-
ton recently. Representatives were
present from many parts of the pro-
vince, and all expressed the utmost
enthusiasm in promoting the inter-
ests of such a mutual service orga-
nization. Some months previously,
the charter for an association of this
nature was obtained by automobile
club officers of Edmonton and Cal-
gary, and as a result of the recent
meeting the league will henceforth
be an important factor in the life of
the province.Foremost in the plans of the organiza-
tion will be the furthering of bet-
ter highway work in the province.
Legislation affecting the interests of
automobile owners will also be look-
ed after. Embroidery will be supplied
all members and as rapidly as possi-
ble steps will be taken to supply road
maps and touring information, togeth-
er with a magazine or publication to
represent the league as an official or-
gan.Tourist traffic will be encour-
aged. Road marking will be carried
out as extensively as possible, and
the organization looks forward to the
time when the membership will war-
rant the establishment of a touring
service and many other benefits to
members.The important public service work
now being carried on by the local au-
tomobile clubs of Edmonton and Cal-
gary, will be continued as subsidiary
organizations of the Alberta Motor
League, and encouragement will be
given to the formation of local clubs
of the league in other centres of the
province where sufficient membership
can be obtained to make the local
unit effective. Membership from any-
one in the province will be accepted
at a minimum of \$5.00 per annum.
Where local clubs exist, they will re-
tain \$3.00 of the annual fee and remit
\$2.00 to the central office.It was unanimously agreed that the
Alberta Motor League would become
a member of the Canadian Automobile
Association, at the suggestion of Dr.
P. E. Donnelly, president of the C.A.A.,
who has secured indefatigably for
the building of the trans-Canada high-
way. He outlined the advantages to
be obtained by Alberta members trav-
elling elsewhere in Canada and in
the United States by being affiliated
with the national organization. One On-
tario member saved \$450 in actual fees
and saved thousands of dollars in de-
posits and a considerable amount of
time and worry when touring Europe
through his membership card in the
C.A.A.President C. E. Grant, of the Ed-
monton Automobile and Good Roads
association, a provisional member of
the new league, with A. B. Sackey,
president of the Calgary Auto Club,
secretary. Steps will be taken by the
discretion to establish various dis-
tricts of the league throughout the
province and to make an active drive
for membership during the next few
months, each membership to run for
twelve months from the date received.when he left us, after shaking hands
with us and kissing Claudia, we were
his body and soul."I'm going to join the French For-
eign Legion when I leave Eton," an-
nounced Michael suddenly. "Get a
commission and then join his regi-
ment."

"So am I," said Digby, of course.

"And I," I agreed.

Augustus Brandon looked thought-
ful."Could I be a vivandiere and come
too?" asked Isobel."You shall all visit me in your of-
ficer's uniforms," promised Claudia.
"French officers always wear them in
France. Very nice, too."Next day we went back to our pre-
paratory school at Slough.The next time I saw the "Blue Wa-
ter" was during the holidays before
our last half at Eton.The occasion was the visit of Gen-
eral Sir Basil Malcolson, an author-
ity on gems, who was, at the time,
Keeper of the Jewel House at the
Tower of London, and had, I think,
something to do with the British Mu-
seum. He was now writing a volume
dealing with less-known stones of
smaller value.He had written to ask if he might
include an account of the "Blue Wa-
ter" and its history.I gathered from what Claudia had
heard her say that Aunt Claudia was
not extraordinarily delighted about it,
and that she had replied that she
would be very pleased to show Sir
Basil the stone, but that very little
was known of its history beyond the
fact that it had been acquired by the
seventy Sir Hector Hurdon, who
lived in the eighteenth century, when
he was a soldier of fortune in the ser-

3,500 MENNONITE SETTLERS COMING

Winnipeg, October 16.—Before the
end of the year, between six and
seven thousand new Mennonite set-
tlers will have arrived in Canada. So
far, 3,500 have come, and about as
many more are on the way. Bishop
of the Mennonite church of the Mennonite
colonization board, made this state-
ment last night as he was passing
through the city on his way home to
Rothenburg, Sask. from Montreal. The
number is greater than last year, he
said, and there were prospects for a
very large increase in 1927.The people involved were from
southern Russia. These coming late
in the season would spend the winter
in the settlements and would get
land for themselves in the spring.vice of one of the Nawabs or Rajahs
of the Deccan, probably Narnaj, the
Sultan of Mysore.The General was a very interesting
talker, and at dinner that night he
told us about such stones as the Ti-
mour Ruby, the Hope Diamond, and
the Stuart Sapphire (which is in the
king's crown), until the conversation
at times became a monologue, which I
personally, greatly enjoyed.I remember his telling us that it
was he who discovered that the Nad-
irahsh uncut emerald was not, as he
had supposed, a lump of glass set in
cheap and crude Oriental gold work.
It had been brought to this country
after the Mutiny as an ordinary ex-
ample of medieval Indian jewel set-
ting, and was shown as such at the
exhibition at the Crystal Palace. Sir
Basil Malcolson had examined it
and it was the "best" on it were
actually the names of the Moghul em-
perors who had owned it and worn it
in their turbans. This had establish-
ed, once and for all, that it is one
of the world's greatest gems, was for-
eign, in the Peacock Throne at Delhi,
and literally priceless in value. I
think he added that it was now in the
Regalia in the Tower of London.I wondered whether the "Blue Wa-
ter" and the Nadirahsh emerald had
ever met in India, and whether the
blue stone had seen as much of hu-
man misery and villainy as the great
green one. Quite possibly, the saph-
ire had faced the emerald, the one in
the turban of Shivaji, the Maratha
soldier of fortune, and the other in
that of Akbar, the Moghul emperor.
And I remember wondering whether
the stones, the men in the possession
of a country gentleman, the other in
that of the King of England, had
reached the ends of their respective
histories of theft, bloodshed and hu-
man suffering.Certainly it seemed impossible that
the "Blue Water" should again "see
day" (and death)—until one remem-
bered that such stones are indestruc-
tible and immortal, and may be, thou-
sands of years hence, the cause of any
crime that greed and covetousness
can father.Anyhow, I should be glad to see the
big sapphire again, and hear anything
that Sir Basil might have to say about
it.I remember that Augustus distin-
guished himself that evening."I wonder how much you'd give
Aunt Patricia for the 'Blue Water'?"
he remarked to Sir Basil."I am not a dealer," replied that
gentleman.And when Claudia asked Aunt Pa-
tricia if she were going to show Sir
Basil the Priest's Hole and the hiding
place of the safe in which the saph-
ire reposed, the interesting youth
observed:"Better not, Aunt. He might come
back and pinch it one dark night—
the sapphire, I mean, not the hole."
Ignoring him, Aunt Patricia said
that she would take Sir Basil and the
other guest, a Nigerian official who
was an old friend, and show them the
Priest's Hole.The conversation then turned upon
the marvellous history of the Hope
diamond, and the incredible but true
tale of the misfortune which invari-
ably befell its possessor; upon Priest's
Holes and the varying tale of religious
persecution which led to the fact
of the same hiding places had been
shared by Catholic priests and
Protestant pastors in turn; and upon
the day when Elizabethan troopers,
searching for Father Campion, did
damage to our floors, panelling, doors
and pictures (traces of which are still
discernible) in discovering the
wonderfully-contrived Priest's Hole at
all.

This is why the New "70" Out-performs any Car of Its Size, Type and Class

Combining the world renowned advantages of the Knight
sleeve-valve motor (smoothness, long life, simplicity,
economy) with revolutionary achievements in six cylinder
engineering, has resulted in the new "70", a car that in speed,
power and pick-up out-performs any car of its size and type
and class.It has the only type of engine that actually improves with
use. No carbon to remove, no valves to grind. Better and
smoother at 50,000 miles than at the beginning.Drive it at 2 to 65 miles or faster; the engine quietly purrs
on; not a semblance of vibration. At all speeds there is a
complete absence of all road shocks. As a result of its ad-
vanced engineering there is absolutely no wandering, no
shimmying, no wheel-tight.The beauty and smartness of the new "70" is distinctly
refreshing. Four wheel brakes and other details of advanced
engineering are, of course, standard equipment.Come and see the "70"—compare it in every way you know.
Its remarkably low price, plus its many distinctive advantages
place the "70" Willys-Knight Six in the front rank as an out-
standing value in the moderate priced six-cylinder field.

Here and There

Edmonton.—Large mouthed bass may soon be available to Alberta sportsmen for a batch of fingerlings and yearlings from the Kootenay lakes have been placed in Lac La Poudre by the Northern Alberta Fish and Game Protective Association.

McGill University opened her senior football season in Montreal at the Percival Molson Memorial Stadium on October 2nd, with a game against the Old Boys. One of the most enthusiastic fans of this game is E. W. Besty, President of the Canadian Pacific Railway, who is an annual ticket holder, and who will be present at all the big games this season.

In a recent despatch from the west, W. L. Smith, former editor of the Farmer's Sun, estimates that approximately \$1,000,000,000 will be added to Canada's income this year from the products of the farms of Western Canada. Last year's field crops were valued at \$1,112,691,000 to the growers and it put the west in the prosperity column. Mr. Smith believes it is a fair assumption that this year the return will not be less.

An interesting estimate of Canada's per capita wealth has been made by the League of Nations, with comparative figures of 22 years ago. In 1925 the per capita wealth in this country amounted to \$2,406, as contrasted with \$1,100 per capita in 1903. Out of the 35 nations listed, Canada ranks third, the United States showing \$2,918 and Great Britain \$2,459 per capita, respectively.

With a view to obtaining financial assistance of some kind with which to aid the emigration of Austrian farmers to Canada, Dr. Heinrich Montel, an Austrian Government official, arrived in this country recently on board the Canadian Pacific S.S. "Montreal". There are 10,000 Austrian farmers who would emigrate to Canada, stated Dr. Montel, all of them practical farmers, but they do not possess sufficient funds to pay their passage to this country.

Egypt may include Canada among those countries in which she will be without representation, according to a statement made recently by Emile Charlot, acting as unofficial ambassador to Canada who arrived in Canada on the Canadian Pacific liner "Minnedosa". Mr. Charlot is trying to interest Egypt in Canadian flour and timber, and in return expects the Dominion to reciprocate by purchasing cotton, dried fruits, etc., direct from Egypt instead of through the middlemen in London or New York.

Following a recent tour of western Canada, W. L. Smith, former editor of the "Farmer's Sun", writes that he will be surprised if the aggregate wheat crop of the Prairie Provinces falls below 400,000,000 bushels. "It will not be surprising if the 500,000,000 mark is nearly reached," states Mr. Smith.

Eleven hundred farms will be needed next year to accommodate the British settlers who will be brought to western Canada, according to Major E. J. Ashton, commissioner of the Soldiers' Settlers Board. So far this year 1,430 families were placed on farms in the prairie provinces by this organization.

Hogs to the value of \$400,000 were shipped from the Prince Albert district in 1925. This sum was far in advance of that received the previous year and the increase was due to a considerable extent to the activities of the agricultural society boosting hog production. This year the hog raisers' slogan is one million dollars worth of hogs, and from present indications this mark is more than likely to be attained.

Had Awful Pains In Her Back

When the kidneys get out of order the back is sure to become affected and dull pains, sharp pains, quick twinges all point to the fact that the kidneys need attention.

Mrs. Allen Hating, Enterprise, Ont., writes:—"After my second baby was born I had awful pains in my back, and could not sleep at night. I could hardly do my housework, especially my washing when I had to bend over the tub."

I had read so much about Doan's Backache Pills, in your magazine, I thought I would give them a trial, so I got three boxes and when I had finished the third one I was completely relieved of my trouble."

Price 50c, a box at all dealers, or mailed direct on receipt of price by The T. M. Lumber Co., Limited, Toronto, Ont.

MILLET LOCAL NEWS

Mr. and Mrs. J. English motored to the city on Thursday.

Mrs. Doane and Master Jackie were Monday visitors to Edmonton.

Miss Ruth Wright was the guest of Miss Mollie Plant on Sunday.

Mr. and Mrs. Stuart McGibbon and Babe motored to Red Deer on Sunday.

Mrs. O. J. Arnold is confined to her home through illness.

The meeting of the C.G.T. was held in the school on Thursday afternoon.

The Ladies' Aid of the United church is arranging for its annual bazaar to be held early in December.

Electric lighting has been installed in the minister's residence of the United church during the past week.

Mrs. L. P. Wright, who has been visiting in Edmonton returned on Monday.

Mr. and Mrs. Wilbur Dunney and Master Bruce, motored to New Sarepta on Sunday.

Mrs. Bailey of Round Hill is the guest of her daughter, Mrs. McLarty, for a few days.

Mr. Patterson, a former teacher of Vance school, was the guest of Mr. and Mrs. Perlee over Sunday.

Mrs. L. P. Wright, of Millet, is the guest of Mrs. C. J. Dawes, for a few days.—Journal.

Mr. and Mrs. O. Wolf left for Stony Plain on Monday to spend a few weeks at the home of Mrs. Wolf's grandmother, Mrs. C. E. Snow.

Miss Edna Pogue left on Friday for Leduc where she will have a position of operator at the Leduc telephone switchboard. We wish her success.

Miss Maud Easterbrook arrived on Monday from Merceur for a visit with her grandparents, Mr. and Mrs. J. Easterbrook.

Mr. F. Uchigti arrived from Athabasca a week ago, and is opening a new shop in the room adjoining the U.F.A. store.

The Millet Hog Ranch shipped a carload of hogs on Friday of last week, consigned to P. Burns & Co., Edmonton.

Mr. Charles MacNunnair of Lamont, with Mrs. McLennan and Miss Alice, spent Saturday at the home of Mr. and Mrs. Lloyd Rupert.

Mr. and Mrs. Graham, Miss Marion and Miss Eleanor Kerr, spent Sunday afternoon at the home of Mr. G. A. Wagner.

Mr. and Mrs. C. A. Kent and Mr. and Mrs. T. Alken motored to Beaumont to see Mr. A. Mennard, who is very sick at his home there.

Mrs. R. P. Roop and Hubert motored to Camrose on Friday of last week, Miss Fairy returning with them to spend the week end at home.

Miss Marion Graham returned on Friday from Swatwell, coming by way of Calgary, and visiting friends for a few days.

We are sorry to report the illness of Mrs. William Carr, who is staying at the home of Mr. and Mrs. James Easterbrook.

The Ladies' Aid of the United church will hold a Thanksgiving chicken dinner in the community hall on Friday evening, November 5th, opening at 6 o'clock.

Mr. and Mrs. J. West motored to their farm near New Norway on Sunday afternoon. Mr. West reports the crop very satisfactory both as to yield and grade.

The Ladies' Aid of the United church will hold their November meeting at the home of Mrs. J. O. Anderson on Wednesday, November 3rd instead of Thursday, the usual day of meeting.

Little Miss Loree Rayfield arrived from Edmonton where she has been attending school, on Thursday quite ill. We hope that the rest at home will restore her very soon.

Mrs. P. Fraser returned from Edmonton on Wednesday, having been seriously ill for several weeks there, at the home of a friend. We are glad that she has recovered sufficiently to be at home again.

Rev. E. Baker occupied the pulpit in the Anglican church on Sunday morning. All his old friends were pleased to welcome him at this service. With Mrs. Baker, Miss Baker and Master Edwin, he is visiting in the Millet district on Monday.

There will be a special meeting of the members of the Ladies' Aid of the United church at the home of Mrs. Fahey on Tuesday evening, October 26th, at eight o'clock, to plan for the Thanksgiving dinner. A full attendance is requested.

HILLSIDE

Rev. and Mrs. Argue were visitors in this district last week.

J. G. Holt is erecting a large poultry house.

Thrashing operations commenced in this district last week, but were delayed Saturday on account of the recent rain.

The Junior U.F.A. held their meeting in the school on Friday evening. After the usual business had been transacted, a social hour was enjoyed by the members.

On account of the busy season, the regular monthly meeting of the U.F.A. for October has been withdrawn. The number more is a little bit on the low side at the moment.

The U.F.W.A. members are busy sewing and preparing for the April sale on November 6th.

THE GREAT ADVENTURE

The great adventure is not death. 'Tis life.

It is to feel the pulsing round of breath To take a place and hold it in the strife.

To hope, and plan, and feel, and love, and dream, To look and climb

To the far rugged heights where vision gleams Of things sublime.

Let us not live because we must, But live To feel the mighty challenge of a trust

To have work to do, a gift to give, The pay may not be great in shining

gold, But may be had Enough of satisfactions manifold

To make us glad.

Following Directions

Why are you wearing so many coats on such a hot day, Pat?

Well, you see, I'm going to paint me bare, and it says on the can "to obtain best results put on at least three coats."

After Every Meal

It doesn't take much to keep you in trim. Nature only asks a little help.

Wrigley's, after every meal, benefits teeth, breath, appetite and digestion.

A Flavor for Every Taste

Each day will set its proper task. —Goetho.

Dr. Sabine and his associates at the Riverbank Laboratories have developed a plaster for wall covering which is from eight to ten times as sound-proof as that generally used. It has an irregular, spongy appearance, for there are in its surface thousands of tiny chambers which act as mufflers. It is thought that this new plaster will be used extensively in hospitals, hotels and office buildings.

Drug Store SERVICE You Will Like

We always endeavor to serve our customers in a manner that will make their visits to our store both pleasant and profitable. Here you will find complete stocks of the very things you need at right and reasonable prices.

We sell the standard, dependable lines of Proprietary Medicines, Sick Room and Nursery Supplies, Toilet Articles, Beauty Aids, Household Drugs and "First Aid" Items for the home medicine cabinet.

Bring your Physician's Prescriptions and your own Family Recipes here. You will always get the exact ingredients the prescription calls for every time.

BEAU GESTE

(Continued from Page 3)

big flames consuming the mast
and sail so that the charred wreckage
went by the board, and we stood
silent, envisaging the horrors of a
burning ship at sea.As the vessel burned down to the
water's edge, and then disappeared
broke the ensuing silence with words
that I was to remember many years
later in a very different place. (Ap-
parently Digby remembered them too)"That's what I call a funeral!" said
Michael. "Compare that with being
stuck ten feet down in the mud and
clay of a beastly cemetery for worms
to eat and maggots to wiggle about
in you. Gripest! I'd give something
to have one like that when my turn
comes. Good idea! I'll write it down
in my will, and none of you dirty lit-
tle dogs will get anything from me,
unless you see it properly done.""Lightie, Beau!" said Digby. "I'll
give you one, old chap, whenever you
like.""So will I you, Dig. If you die first,"
replied Michael to his twin, and they
solemnly shook hands upon it.My gratification for these honors
was the greater in that neither had
been further from my thoughts than
such promotion and reward. Fre-
quently had I striven in the past to
win one of the hand's recognized Or-
ders of Merit—Patriotic Honor, Good
Reg, Stout Fella, or even Order of
Michael (for valour), but had never
hitherto won any decoration or recog-
nition beyond some such cryptic re-
mark from the Captain as "We shall
have to make John, Chaplain to the
band, if he does many more of these
Good Deeds."That evening, when we were vari-
ously employed in the school room,
old Burton, the butler, came and told
us that we could go into the drawing
room.Claudia and Isobel were there, the
former talking in a very self-pos-
sessed and grown up way to a jolly look-
ing foreign person, to whom we were
presented. He turned out to be a
French cavalry officer, and we were
thrilled to discover that he was on
leave from Morocco where he had
been fighting."Hugs! I've got him up to the school
room tomorrow," whispered Michael
as we gathered together round a
glass dome, like a clock-cover, in-
verted over a white velvet cushion on
which lay the "Blue Water" sapphire.
We looked at it in silence, and to
us, it seemed to glow bigger and big-
ger until I thought I could plunge
head first into it.Young as I was, I distinctly had
the feeling that it would not be a good
thing to stare too long at that won-
derful concentration of living color.
It seemed alive and, though incredi-
bly beautiful, a little sinister."May we handle it, Aunt Patricia?"
asked Claudia, and, as usual, she got
her way.Aunt Patricia lifted off the cover
and handed the jewel to the French-
man, who quickly gave it to Claudia.
"That has caused me to know not
what of strife and sorrow and blood-
shed," he said. "What a tale it
could tell!""Can you tell tales of strife and
bloodshed, please?" asked Michael,
and as Claudia said, "Why, of course,
he leads charges of Arab cavalry like
"Under Two Flags," as though she
had known him for years, we all
looked at him to tell us his fighting
and he handed record only to the
"Blue Water" as a centre of attraction.On the following afternoon, the
Captain deputed Claudia to get the
Frenchman to tell us some tales. "De-
cey you handsome stranger to
our fair," quoth he. "I would write
his secrets from him."Nothing but, Claudia, evoked
her fascinations upon him after lunch
and brought him to our camp in the
bower, a clearing in the woods near
the house.Here he sat on a log and absolutely
thrilled us to the marrow of our
bones by tales, most graphically and
realistically told, of the Spahis, the
French Foreign Legion, the Chasseurs
d'Afrique, Zouaves, Turcos, and other
romantically named regiments.He told us of desert warfare, of
Arab guerillas and chivalries of hand-
to-hand combats wherein swordsmen
met swordsmen on horseback as in
days of old, of brave deeds, of veiled
Touaregs, veiled women, secret Moor-
ish cities, caves, mirages, sandstorms
and the wonders of Africa.Then he showed us fencing tricks,
and feats of swordsmanship, until,
the house.

5 Boils on Neck, 3 on Arm At Same Time

Mr. E. G. Collins, London, Ont.,
writes:—"I am writing a few lines
in praise of Burdock Blood Purifier
which rid me of boils that I was
very badly troubled with."I had five on my neck and three
on my arm at the same time, and
could not get any sleep I was in such
misery. I saw youradvertiser and thought I would try
it, and I am pleased to say that after
taking one bottle I got clear of all of
them. It also made me feel better and
stronger."Burdock is put up only by The T. T.
Milton Co., Limited, Toronto, Ont.

Co-operation Keynote Of Alberta Motor League and Good Roads Association

Automobile owners of Alberta are
now provided with effective and prac-
ticable means of furthering their own
interests, obtaining protection in the
way of legislation, advancing the
cause of better roads and building up
a mutual service organization which
will offer the same facilities that any
commercial enterprise is able to pro-
vide at greatly reduced cost.This new organization is known as
the Alberta Motor League and Good
Roads Association. Its keynote is co-
operation. Its benefits and privi-
leges will extend to every part of the
province. Its members will be affil-
iated with the united motor leagues
of all the provinces of Canada and
with the various automobile associa-
tions of the United States.The Alberta Motor League was for-
mally launched into active organiza-
tion work at a meeting held in Edmon-
ton recently. Representatives were
present from many parts of the pro-
vince, and all expressed the utmost
enthusiasm in promoting the inter-
ests of such a mutual service organ-
ization. Some months previously,
the charter for an association of this
nature was obtained by automobile
club officers of Edmonton and Cal-
gary, and as a result of the recent
meeting the league will henceforth
be an important factor in the life of
the province.Foremost in the plans of the organ-
ization will be the furthering of bet-
ter highway work in the province. The
Legislation affecting the interests of
automobile owners will also be look-
ed after. Emblems will be supplied
all members and as rapidly as possi-
ble steps will be taken to supply road
maps and touring information, to-
gether with a magazine or publication to
represent the league as an official or-
gan. Tourist traffic will be encour-
aged. Road marking will be carried
out as extensively as possible, and the
organization looks forward to the
time when membership will war-
rant the establishment of a touring
service and many other benefits to
members.The important public service work
now being carried on by the local au-
tomobile clubs of Edmonton and Cal-
gary, will be continued as subsidiary
organizations of the Alberta Motor
League, and encouragement will be
given to the formation of local clubs
of the league in other centres of the
province where sufficient membership
can be obtained to make the local
club effective. Membership from any-
one in the province will be accepted
at a minimum of \$5.00 per annum.
Where local clubs exist, they will re-
tain \$3.00 of the annual fee and remit
\$2.00 to the central office.It was unanimously agreed that the
Alberta Motor League would become
a member of the Canadian Automobile
association, at the suggestion of Dr.
P. E. Doolittle, president of the C.A.A.,
who has worked indefatigably for
the building of the trans-Canada high-
way. He outlined the advantages to
be obtained by Alberta members trav-
elling elsewhere in Canada and in the
United States by being affiliated with
the national organization. One On-
tario member saved \$450 in actual fees
and saved thousands of dollars in de-
pots and a considerable amount of
time and scores when touring Europe
through his membership card in the
C.A.A.President C. H. Grant, of the Ed-
monton Automobile and Good Roads
association, is provisional president of
the new league, with A. B. Stacey,
president of the Calgary Auto Club,
secretary. Steps will be taken by the
directors to establish various dis-
tricts of the league throughout the
province and to initiate an active de-
velopment of membership during the next
few months, each membership to run for
twelve months from the date received.When he left us, after shaking hands
with us and kissing Claudia, we were
his, body and soul."I'm going to join the French Foreign
Legion when I leave Edmonton," an-
nounced Michael loudly. "Get out
commission and then join his regi-
ment."

"So am I," said Digby, of course.

"And I," I agreed.

Augustus Brandon looked thought-
ful."Could I be a vintner and come
too?" asked Isobel."You shall all visit me in your
officers' uniforms," promised Claudia.
"French officers always wear them in
France. Very nice, too."Next day we were back to our pre-
paratory school at Slough.The next time I saw the "Blue Water"
was during the holidays before
our last half at Edmonton.The occasion was the visit of Gen-
eral Sir Basil Malcomson, an author-
ity on gems, who was, at the time,
Keeper of the Jewel House at the
Tower of London, and had, I think,
something to do with the British Ma-
sons. He was now writing a volume
dealing with less-known stones of
smaller value.He had written to ask if he might
include an account of the "Blue Water"
and its history.I gathered from what Claudia had
heard her say, that Aunt Claudia was
not extraordinarily delighted about it,
and that she had replied that she
would be very pleased to show Sir
Basil the stone; but that very little
was known of its history beyond the
fact that it had been "acquired" by
the late Sir Hector Brandon in
India in the eighteenth century, where
he was a soldier of fortune in the ser-

3,500 MENNONITE SETTLERS COMING

Winnipeg, October 16.—Before the
end of the year, between six and
seven thousand new Mennonite set-
tlers are expected to arrive in Canada. So
far, 3,500 have come, and about as
many more are on the way. Bishop
Toews, president of the Mennonite
colonization board, made this state-
ment last night as he was passing
through the city on his way home to
Winnipeg, Sask., from Montreal. The
number is greater than last year, he
said, and there were prospects for a
very large movement in 1927.The people involved were from
southern Russia. Those coming late
in the season would spend the winter
in the settlements and would get
land for themselves in the spring.The General was a very interesting
talker, and at dinner that night he
told us about such stones as the Ti-
mour Ruby, the Hope Diamond, and
the Stuart Sapphire (which is in the
king's crown), until the conversation
at times became a monologue, which I
personally, greatly enjoyed.I remember his telling us that he
told us he who discovered that the Na-
dreshah uncut emerald was not, as he
had supposed, a lump of glass set in
cheap and crude Oriental gold work.
It had been brought to this country
after the Mughal as an ordinary ex-
ample of medieval Indian jewel set-
ting, and was shown as such at the
exhibition at the Crystal Palace. Sir
Basil Malcomson had examined it and
found that the "scratches" on it were
actually the names of the Mughal em-
perors who had owned it and worn it
in the Indian subcontinent.I wondered whether the "Blue Water",
once and for all, that it is one
of the world's greatest gems, was for-
merly in the Peacock Throne at Delhi,
and literally priceless in value. I
think he added that it was now in the
Regalia in the Tower of London.I wondered whether the "Blue Water",
once and for all, that it is one

ATWATER-KENT RADIO

We now have the new 6-tube Sets
"A" and "B" Batteries, Tubes, Loud Speakers
in stock.SIMS-BROWN CO.
Phone 255 WetaskiwinCombining the world renowned advantages of the Knight
sleeve-valve motor (smoothness, long life, simplicity,
economy) with revolutionary achievements in six cylinder
engineering, has resulted in the new "70", a car that in speed,
power and pick-up out-performs any car of its size and type
and class.It has the only type of engine that actually improves with
use. No carbon to remove, no valves to grind. Better and
smoother at 50,000 miles than at its beginning.Drive it at 2 to 65 miles or faster; the engine quietly purrs
on; not a remembrance of vibration. At all speeds there is a
complete absence of all road shocks. As a result of its ad-
vanced engineering there is absolutely no wandering, no
shimmying, no wheel-flick.The beauty and smartness of the new "70" is distinctly
refreshing. Four wheel brakes and other details of advanced
engineering are, of course, standard equipment.Come and see the "70"—compare it in every way you know.
Its remarkably low price, plus its many distinctive advantages,
place the "70" Willys-Knight Six in the front rank as an out-
standing value in the moderate priced six-cylinder field.

Here and There

Edmonton.—Large mouthed bass may soon be plentiful in Alberta sportmen for a batch of fingerlings and yearlings from the Kootenay Lakes have been placed in Lac La Poudre by the Northern Alberta Fish and Game Protective Association.

McGill University opened her season football season in Montreal at the Percival Molson Memorial Stadium on October 2nd, with a game against the Old Boys. One of the most enthusiastic fans of this game is E. W. Bentley, President of the Canadian Pacific Railway, who is an annual ticket holder, and who will be present at all the big games this season.

In a recent despatch from the West, W. L. Smith, former editor of the Farmer's Sun, estimates that approximately \$1,000,000 will be added to Canada's income this year from the products of the farms of Western Canada. Last year's field crops were valued at \$1,120,000,000 to the growers and it put the West in the prosperity column. Mr. Smith believes it is a fair assumption that this year the return will not be less.

An interesting estimate of Canada's per capita wealth has been made by the League of Nations, with comparative figures of 22 years ago. In 1925 the per capita wealth in this country amounted to \$2,406, as contrasted with \$1,100 per capita in 1903. One of the 35 nations listed, Canada ranks third, the United States showing \$2,918 and Great Britain \$2,450 per capita, respectively.

With a view to obtaining financial assistance of some kind with which to aid the emigration of Austrian farmers to Canada, Dr. Heinrich Montel, an Austrian Government official, arrived in this country recently on board the Canadian Pacific S.S. "Montroyal." There are 10,000 Austrian farmers who would emigrate to Canada, stated Dr. Montel, all of them practical farmers, but they do not possess sufficient funds to pay their passage to this country.

Egypt may include Canada among these countries in which she will be without representation, according to a statement made recently by Emile Sharten, acting as unofficial ambassador to Canada who arrived in Banaru on the Canadian Pacific liner "Minnesota." Mr. Sharten is trying to interest Egypt in Canadian flour and timber, and in return expects the Dominion to reciprocate by purchasing cotton, dried fruits, etc., direct from Egypt instead of through the middlemen in London or New York.

Following a recent tour of western Canada, W. L. Smith, former editor of the "Farmer's Sun," writes that he will be surprised if the aggregate wheat crop of the Prairie Provinces falls below 400,000,000 bushels. "It will not be surprising if the 600,000,000 mark is nearly reached," states Mr. Smith.

Eleven hundred farms will be needed next year to accommodate the British settlers who will be brought to western Canada, according to Major E. J. Ashton, commissioner of the Soldiers' Settlers Board. So far this year 1,430 families were placed on farms in the prairie provinces by this organization.

Hogs to the value of \$400,000 were shipped from the Prince Albert district in 1925. This sum was far in advance of that received the previous year and the increase was due to a considerable extent to the activities of the agricultural society boosting hog production. This year the hog raisers' slogan is one million dollars worth of hogs, and from present indications this mark is more than likely to be attained.

Had Awful Pains In Her Back

When the kidneys get out of order the back is sure to become ached and dull pains, sharp pains, quick twinges all point to the fact that the kidneys need attention.

Mrs. Alma Battling, Enterprise, Ont., writes:—"After my second baby was born I had awful pains in my back, and could not sleep at night. I could hardly do my housework, especially my washing when I had to bend over the tub."

I had read so much about Dr. J. C. Fisher's Pills, in your Almanac, I thought I would give them a trial. So I got three boxes and when I had finished the third one I was completely relieved of my trouble."

Price 50c. a box at all dealers, or mailed direct on receipt of price by The T. M. B. Co., Limited, Toronto, Ont.

MILLET LOCAL NEWS

Mr. and Mrs. J. English motored to the city on Thursday.

Mrs. Donnie and Master Jackie were Monday visitors to Edmonton.

Miss Ruth Wright was the guest of Miss Mollie Plant on Sunday.

Mr. and Mrs. Stuart McGibbon and Babe motored to Red Deer on Sunday.

Mrs. O. J. Arnold is confined to her home through illness.

The meeting of the C.G.I.T. was held in the school on Thursday afternoon.

The Ladies' Aid of the United church is arranging for its annual bazaar to be held early in December.

Electric lighting has been installed in the minister's residence of the United church during the past week.

Mrs. L. P. Wright, who has been visiting in Edmonton returned on Monday.

Mr. and Mrs. Wilbur Disney and Master Bruce, motored to New Sarepta on Sunday.

Mrs. Bailey of Round Hill is the guest of her daughter, Mrs. McFarly, for a few days.

Mr. Patterson, a former teacher of Wance school, was the guest of Mr. and Mrs. Parlee over Sunday.

Mrs. L. P. Wright, of Millet, is the guest of Mrs. C. J. Dawes, for a few days.—Journal.

Mr. and Mrs. O. Wolf left for Stony Plain on Monday to spend a few weeks at the home of Mrs. Wolf's grandmother, Mrs. C. E. Snow.

Miss Edna Pogue left on Friday for Leduc where she will have a position of operator at the Leduc telephone switchboard. We wish her success.

Miss Maud Easterbrook arrived on Monday from Montreal for a visit with her grandparents. Mr. and Mrs. J. Easterbrook.

Mr. P. Uchigiri arrived from Athabasca a week ago, and is opening a barber shop in the room adjoining the U.F.A. store.

The Millet Hog Ranch shipped a carload of hogs on Friday of last week, consigned to P. Burns & Co., Edmonton.

Mr. Charles MacNamara of Lamont, with Mrs. McManus and Miss Alice, spent Saturday at the home of Mr. and Mrs. Lloyd Rupert.

Mr. and Mrs. Graham, Miss Marion and Miss Eleanor Kerr, spent Sunday afternoon at the home of Mr. G. A. Wagner.

Mr. and Mrs. C. A. Kent and Mr. and Mrs. T. Atkins motored to Beaumont to see Mr. A. Mcnair, who is very sick at his home there.

Mrs. R. P. Roop and Hubert motored to Camrose on Friday of last week, Miss Pauly returning with them to spend the week end at home.

Miss Marion Graham returned on Friday from Swallow, coming by way of Calgary, and visiting friends for a few days.

We are sorry to report the illness of Mrs. William Carr, who is staying at the home of Mr. and Mrs. James Easterbrook.

The Ladies' Aid of the United church will hold a Thanksgiving chicken dinner in the community hall on Friday evening, November 5th, opening at 6 o'clock.

Mr. and Mrs. J. West motored to their farm near New Norway on Sunday afternoon. Mr. West reports the crop very satisfactory both as to yield and grade.

The Ladies' Aid of the United church will hold their November meeting at the home of Mrs. J. O. Anderson on Wednesday, November 2nd, instead of Thursday, the usual day of meeting.

Little Miss Loree Rayfield arrived from Edmonton where she has been attending school, on Thursday night. We hope that the rest at home will restore her very soon.

Mrs. P. Fraser returned from Edmonton on Wednesday, having been seriously ill for several weeks there, at the home of a friend. We are glad that she has recovered sufficiently to be at home again.

Rev. E. Baker occupied the pulpit in the Anglican church on Sunday morning. All his old friends were pleased to welcome him at this service. With Mrs. Baker, Miss Baker and Master Edith, he is visiting in the Millet district on Monday.

There will be a special meeting of the members of the Ladies' Aid of the United church at the home of Mrs. Facey on Tuesday evening, October 26th, at eight o'clock, to plan for the Thanksgiving dinner. A full attendance is requested.

HILLSIDE

Rev. and Mrs. Argue were visitors in this district last week.

J. O. Holt is erecting a large poultry house.

Threshing operations commenced in this district last week, but were delayed Saturday on account of the recent rain.

The Junior U.F.A. held their meeting in the school on Friday evening. After the usual business had been transacted, a social hour was enjoyed by the members.

On account of the busy season, the regular monthly meeting of the U.F.A. for October has been withdrawn. The next meeting will be held on the 1st of November at 8 p.m. at the home of J. O. Holt.

The U.F.W.A. members are busy sewing and preparing for the Apron Sale on November 6th.

THE GREAT ADVENTURE

The great adventure is not death. 'Tis life.

It is to feel the pulsing round of breath To take a place and hold it 'till the strife.

To hope, and plan, and feel, and love, and dream,

To look and climb To the far rugged heights where vision gleams

Of things sublime. Let us not live because we must, But live

To feel the mighty challenge of a trust To have work to do, a gift to give. The part may not be great in shining gold.

But may be had Enough of satisfactions manifold To make us glad.

Following Directions

Why are you wearing so many coats on such a hot day, Pat? Well, you see, I'm going to paint me hairs and it says on the can "to obtain best results put on at least three coats."

Prizes were distributed on the last day of school. When Johnny returned home his mother was entertaining callers. "Well, my boy," said one woman, "did you get a prize?" "Not exactly," responded the hopeful, "but I got horrible mentation."

"THINK IT OVER" CORNER

Wouldst shape a noble life? Then cast No backward glances toward the past And though somewhat be lost and gone, Yet do thou act as one newborn. What each day needs, that shalt thou ask. Each day will set its proper task.—Goethe.

After Every Meal

It doesn't take much to keep you in trim. Nature only asks a little help.

Wigley's, after every meal, benefits teeth, breath, appetite and digestion.

A Flavor for Every Taste

CO. 13

Bill Slow and Henry Dash

Bill Slow's stock is all out of date, his business is in an awful state — no trade comes to his store. His ribbons, dress goods, coats and hats would scare a belfry full of bats, and cobwebs frame his door. Bill thinks to advertise would cost just twice as much as he has lost in waiting for a buyer.

But Henry Dash across the way, knows advertising's sure to pay — it draws crowds like a fire. So to our office he come down, for the best sales service in the town, announcing special offers. He gives his trade a chance to save; his profits he can closely shave — the volume fills his coffers.

Have our advertising manager call and show you this remarkable Sales Service.
